Authority is one click away

Having the answer is great. Knowing why, and being able to assure accuracy is even better. Click the mouse on any item to view authority. In most cases we extract just the relevant part of the statute or case law—so you get right to the substance of the law you need.

Tight integration with CaseManager by CrimeTime

CaseManager is a comprehensive law office case management system designed to work hand-in-hand with CrimeTime. The combination will boost your productivity to levels you never thought possible.

Battle tested

CrimeTime has been widely used since its release in 1996. Today, almost every county in California uses CrimeTime.
